Amil Methher

Tech enthusiast | BTech CS student | IEEE volunteer. Seeking internships to grow skills and innovate. Let's connect!

Kottayam, Kerala, India

Summary

Hi, I'm Amil Methher, a B.Tech Computer Engineering student at College of Engineering ,Kidangoor with a passion for technology and innovation.

About Me:

Aspiring tech entrepreneur with a dream to become the CEO of my own tech company.

Enthusiastic self-learner, always exploring new technologies like AI, cybersecurity, IoT, and embedded systems.

Web developer with hands-on experience in creating dynamic and user-friendly web applications.

Hobbies:

Reading books to broaden my knowledge and perspective.

Traveling to explore new cultures and gain inspiration from diverse experiences.

What I Can Talk About for Hours:

Artificial Intelligence: From machine learning algorithms to neural networks.

Cybersecurity: Protecting data and systems in an ever-evolving digital landscape.

Current Focus:

Deepening my knowledge in emerging technologies.

Building a strong foundation in web development.

Networking with like-minded professionals and learning from industry experts.

Let's connect and share insights on the latest tech trends and innovations! Feel free to reach out for collaborations, discussions, or just a chat about all things technology.

Experience

IEEE SB College of Engineering, Kidangoor
